Sir:

In the Office Action dated January 31, 2003 (Paper No. 5), the Examiner identified two inventions as follows:

Group I, drawn to a woven fabric, (claims 1-3); and

Group II, drawn to an apparatus and method for making a woven fabric, (claims 4-6).

Applicant has elected the invention of Group I drawn to a woven fabric (claims 1-3) for further prosecution in this application. Group II, drawn to an apparatus and method for making a woven fabric, (claims 4-6) will be considered before the application matures into a patent.
